Skip the pump and schedule your next fill-up while you're at work! Gas scheduling and payments are handled through the Yoshi app, reducing exposure to germs (and cold weather) at gas station pumps.

This onsite service will allow employees to schedule contactless fuel delivery and select maintenance services from the convenience of a mobile app. GM will cover the Yoshi membership subscription so employees can access these Yoshi services:

- Weekly delivery of Top Tier gas while at work (fuel purchase and additional service costs are the employee's responsibility).
- Lowest-priced gas in a two-mile radius.
- Additional discounts on fuel when ordering extra services (including wiper blades, engine cleaner, tire checks and more).
- 24/7 friendly, text-based customer service.

Steps to get started:

1. Get the app: Download the Yoshi app to your mobile device and complete the registration.
2. Enter the custom promo code: GMEMPLOYEE and your GM work location.
3. Get serviced: Schedule your gas fill-up while you work.

In Solidarity,  
*Kenneth Hines*
