

September 21, 2022

Due to the ongoing part shortages, production for Saturday, September 24, 2022, has been cancelled. This is the last Saturday in the month as well as the quarter for us to improve our numbers. If you are required to work, your supervisor will contact you with the details.

We understand the hardship that this situation has placed on some of our members, and although the circumstances has been challenging due to the short notices we have been receiving from management, we are looking for opportunities in early October, where we can canvass volunteers for Saturday work in the event another Saturday Production is cancelled.

We apologize for any inconvenience that this may cause to our members.

In solidarity

Kenneth Hines
UAW Local 276 Shop Chairperson
