## **Buy Union - Buy American**

Labor Day | 2022

A close-up photograph of a person's hand holding the handles of several black shopping bags. The background is blurred, showing what appears to be a store or market setting. The lighting is bright, highlighting the texture of the bags and the hand.

# BUY-UNION

## Union-Made Means Quality, Community, and Jobs

---

Giving gifts to celebrate milestones or holidays is a time-worn tradition that lets us show appreciation and love to those in our lives. Giving union-made gifts has the additional benefit of investing in good jobs at ethical companies. Those jobs are lasting gifts that help families and strengthen communities.

The products listed in this guide are made by the proud members of United Automobile, Aerospace and Agricultural Implement Workers of America (UAW), UNITE HERE, Boilermakers (IBB), Bakery, Confectionery, Tobacco Workers and Grain Millers (BCTGM), Machinists (IAM), United Steel Workers (USW), Teamsters (IBT), United Food and Commercial Workers (UFCW), the Retail, Wholesale and Department Store Union/UFCW (RWDSU/UFCW), United Farm Workers (UFW), Workers United (SEIU) and the Communication Workers of America (CWA).

In a rapidly changing global economy, always check the label of the products you purchase. By law, almost all imported products must disclose the country of origin. If a product is made in the USA, however, the manufacturer does not have to state that it is Made in the USA. This loophole has confused consumers for decades as products Made in the USA will often show no country of origin.

Not all goods are manufactured ethically by companies that believe in supporting their workers. That's why shopping for union-made products matters.

In many cases, the same products are made by union and non-union employees; many manufacturers produce goods in the U.S. and other countries. Therefore, not all products made by the same company are union made. We have indicated the union-made products for each company. It is important to check product packaging for country of origin and, of course, the union label.

By shopping for products made by union workers in North America, you can rest assured that the goods were produced in facilities run by companies that treat their workers with respect, value their abilities, and compensate them fairly for their labor.

# Drive Union

Ensure the VIN starts with a 1,4, or 5 and check it against the UAW's 2022 vehicle buying guide.

## What's in a VIN?

\* The 2nd character denotes vehicle manufacturer. The 3rd character varies by manufacturer and can represent vehicle type or division.

These vehicles are made in the United States or Canada by members of the UAW and Canada's Unifor union, formerly the Canadian Auto Workers (CAW). Because of the integration of vehicle production in both countries, all of the vehicles listed as made in Canada include significant UAW-made content and support the jobs of UAW members.

However, vehicles marked with a single asterisk (\*) are also produced in Mexico.

Heavy-duty Chevrolet Silverados and GMC Sierras are built in Flint, Michigan and Heavy Duty Silverados are built in Canada. Light-duty Chevrolet Silverado and GMC Sierra Regular Cabs are produced in Mexico only. Vehicles marked with a double asterisk (\*\*) are the crew cab versions of the Chevrolet Silverado light-duty and GMC Sierra light-duty trucks. Those are assembled by UAW members in Fort Wayne, Indiana, and also in Mexico.

Canada produces the light Duty Silverado Crew Cab but not the GMC version. When purchasing a vehicle marked with a single or double asterisk, it's important to check the Vehicle Identification Number (VIN). A VIN beginning with "1" or "4" or "5" identifies a U.S.-made vehicle; a "2" identifies a Canadian-made vehicle; a "3" identifies a vehicle made in Mexico. Not all vehicles made in the United States or Canada are built by union-represented workers. Vehicles not listed here, even if produced in the United States or Canada, are not union made
