FIREARM POLICY

&

EMPLOYEE ASSISTANCE PROGRAM (EAP)

This past week, we had some disturbing events occur here at Arlington Assembly. We would just like to remind our members that it is against corporate policy to have a firearm on GM property – and that *includes* the parking lot.

We know it is contract time and that many members are on edge and feeling stressed. If you find yourself experiencing difficulty, please reach out to our EAP Department at (817) 652-2482 for assistance with this or any other matters. They are here to help!

Please let's all stay vigilant and let's all stay safe.

In Solidarity,
Kenny Hines
Unit 1 (GM) Chairperson
